PETITION UNDER 37 C.F.R. 1.47(a)

Sir:

Application hereby petitions for acceptance of a declaration in the above  
referenced case executed by two of three co-inventors. The non-signing inventor refuses  
to join in the application. The \$130.00 fee required by 37 C.F.R. 1.17(h) is submitted  
herewith.

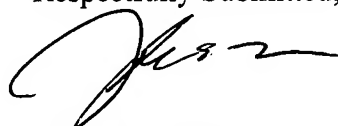

FACTS

The inventors in the above referenced case, entitled "Electrical Service Disconnect Having Tamper Detection" are Brett Holle, having a residence at 3714 Thomas Jefferson Road, Lafayette, Indiana 47909 ("Holle"), Michael Anderson, having a residence at 216 Wood Dale Street, West Lafayette, Indiana 47904 ("Anderson"), and John Voisine, having a residence at 4611 Doe Path Lane, Lafayette, Indiana 47904 ("Voisine").

Anderson and Voisine have executed the Declaration and Power of Attorney enclosed herein. Holle refuses to join in the application. Specifically, correspondence including a draft of the application and a Declaration and Power of Attorney were sent to Holle on April 1, 2002 and October 31, 2003, (see Declaration of Harold C. Moore; see also Exhibits A and B).

The evidence clearly proves the Mr. Holle refuses to join in the application. Accordingly, it is respectfully submitted that the Declaration and Power of Attorneys executed by Anderson and Voisine be accepted on behalf of Holle.

Moore in support of Petition****Under 37 C.F.R. 1.47(a)**

1. I prepared and filed the above-identified patent application ("Application") in the United States Patent and Trademark Office at the request of Mr. John T. Voisine.
2. On information and belief, Brett Holle ("Holle") of Lafayette, Michael Anderson ("Anderson") of West Lafayette, and John Voisine ("Voisine") of Lafayette, all of Indiana, are joint inventors of the subject matter of the Application.
3. On information and belief, on or about April 1, 2002, correspondence including a Declaration and Power of Attorney was mailed to Holle via Federal Express by an attorney for Siemens Corporation, the prior owner of the application, (Exhibit A).

4. On or about October 31, 2003, I mailed (via Federal Express) to Holle correspondence including a Declaration and Power of Attorney and a copy of the Application as filed including the claims, specification, and drawings, (Exhibit B). A return pre-addressed Federal Express Envelope was included for Holle's convenience.
5. As of January 23, 2004, I have not received the executed Declaration and Power of Attorney from Holle.
6. Siemens Corporation has an obligation to provide me with any correspondence regarding this patent application. As of January 23, 2004, I have received no executed Declaration and Power of Attorney from Holle through Siemens Corporation. I, furthermore, have no reason to believe Siemens Corporation has received any such Declaration and Power of Attorney from Holle.
7. Because Holle has been presented with the Declaration and Power of Attorney, and the Application as filed including the specification, the claims and the drawings, and has not returned the executed Declaration and Power of Attorney, it is respectfully submitted that Holle has refused to join in the application under 37 C.F.R. § 1.47(a).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code, and the such willful false statements may jeopardize the validity of the application or any patent issued thereon.
